

# The First Humanoid Robot As Home Assistant

---

We create standard for robot to human interaction!

**WHO WE ARE?**

**Robotics Company**

**OUR MISSION**

**IS TO**

**Solve the problem of loneliness by creating socially intelligent humanoid robot assistant for everyone!**

# Vision

We envision future  
where robots and humans  
co-exist in a  
deeply connected manner!

## Our Vision

is to blur the lines between humans  
and robots and create robots  
indistinguishable from humans.

# Problem & Solution

+

## Problem

### Social Interactions

Humans cannot connect with AI-powered tech because they are not able to visualize what they are interacting with.

## Solution

To facilitate deep connections between humans and robots, we need a human-like interface.

Humanoid robots like Destiny are an ideal mechanism for connecting humans with robots in a deeply engaging manner.

# USE CASES

# WHY NOW?

Only NOW it has been possible to create humanoid robots because of advancements in robotics, hardware, and AI.

Development requires immediate actions!
