

EVERY™
ONE

**Accelerating the world's
transition to animal-free protein**

Disclaimers

CONFIDENTIAL INFORMATION – This presentation, inclusive of all materials and information provided herewith and in relation to (this “Presentation”), is confidential and proprietary to *The EVERY Company*, (“EVERY” or the “Company”). The reproduction of this Presentation in whole or in part is prohibited. You are not permitted to make this Presentation or the information contained herein or the information provided to you during the course of the presentation of the prospective investment opportunity available to any third parties except with the express written consent of the Company or as required by law.

LIMITATIONS – The statements in this Presentation are based on information that is considered to be reliable. The Company reserves the right to alter or amend any information contained or opinion expressed herein. This Presentation does not take into account the investment objective, financial situation or particular needs of any individual or entity. This Presentation is not provided as investment or other advice, and no information or material contained herein shall be deemed a recommendation to buy or sell any securities. Liability for all statements and information contained in this Presentation is, to the greatest extent permissible by law, excluded. This Presentation does not constitute an offer to sell or a solicitation of any offer to buy or subscribe for any securities of the Company.

FORWARD LOOKING STATEMENTS – To the extent any statements made in this Presentation contain information that is not historical, these statements are forward-looking statements. These forward-looking statements relate to, among other things, our current expectations about our future results, financial condition, revenue, earnings, free cash flow, margins, objectives, goals, strategies, beliefs, intentions, plans, estimates, prospects, projections and outlook of the Company, and can generally be identified by the use of words such as “continue” or the negatives of this term, variations on it and other similar expressions. For example, we may use forward-looking statements when addressing topics such as our planned future expenditures, future actions by regulators, planned results of operations, the development and performance of our products, effective tax rates, cash flows, and liquidity. In addition, any statements that refer to expectations, projections or other characterizations of future events or circumstances are forward-looking statements.

These forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties and other factors, some of which are beyond the control of the Company. These risks, uncertainties, and other factors could cause our actual results to differ materially from those expressed or implied by those forward-looking statements. Because forward-looking statements are subject to assumptions and uncertainties, actual results may differ materially from those expressed or implied by such forward-looking statements. You are cautioned not to place undue reliance on such statements, which speak only as of the date of this Presentation. The Company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

EVERY in an **eggshell**

**Massive
market**

**200B+ market
opportunity**

**Hyper-
functional
products**

**Sustained, premium
pricing opportunities**

**Industry-low
production
costs**

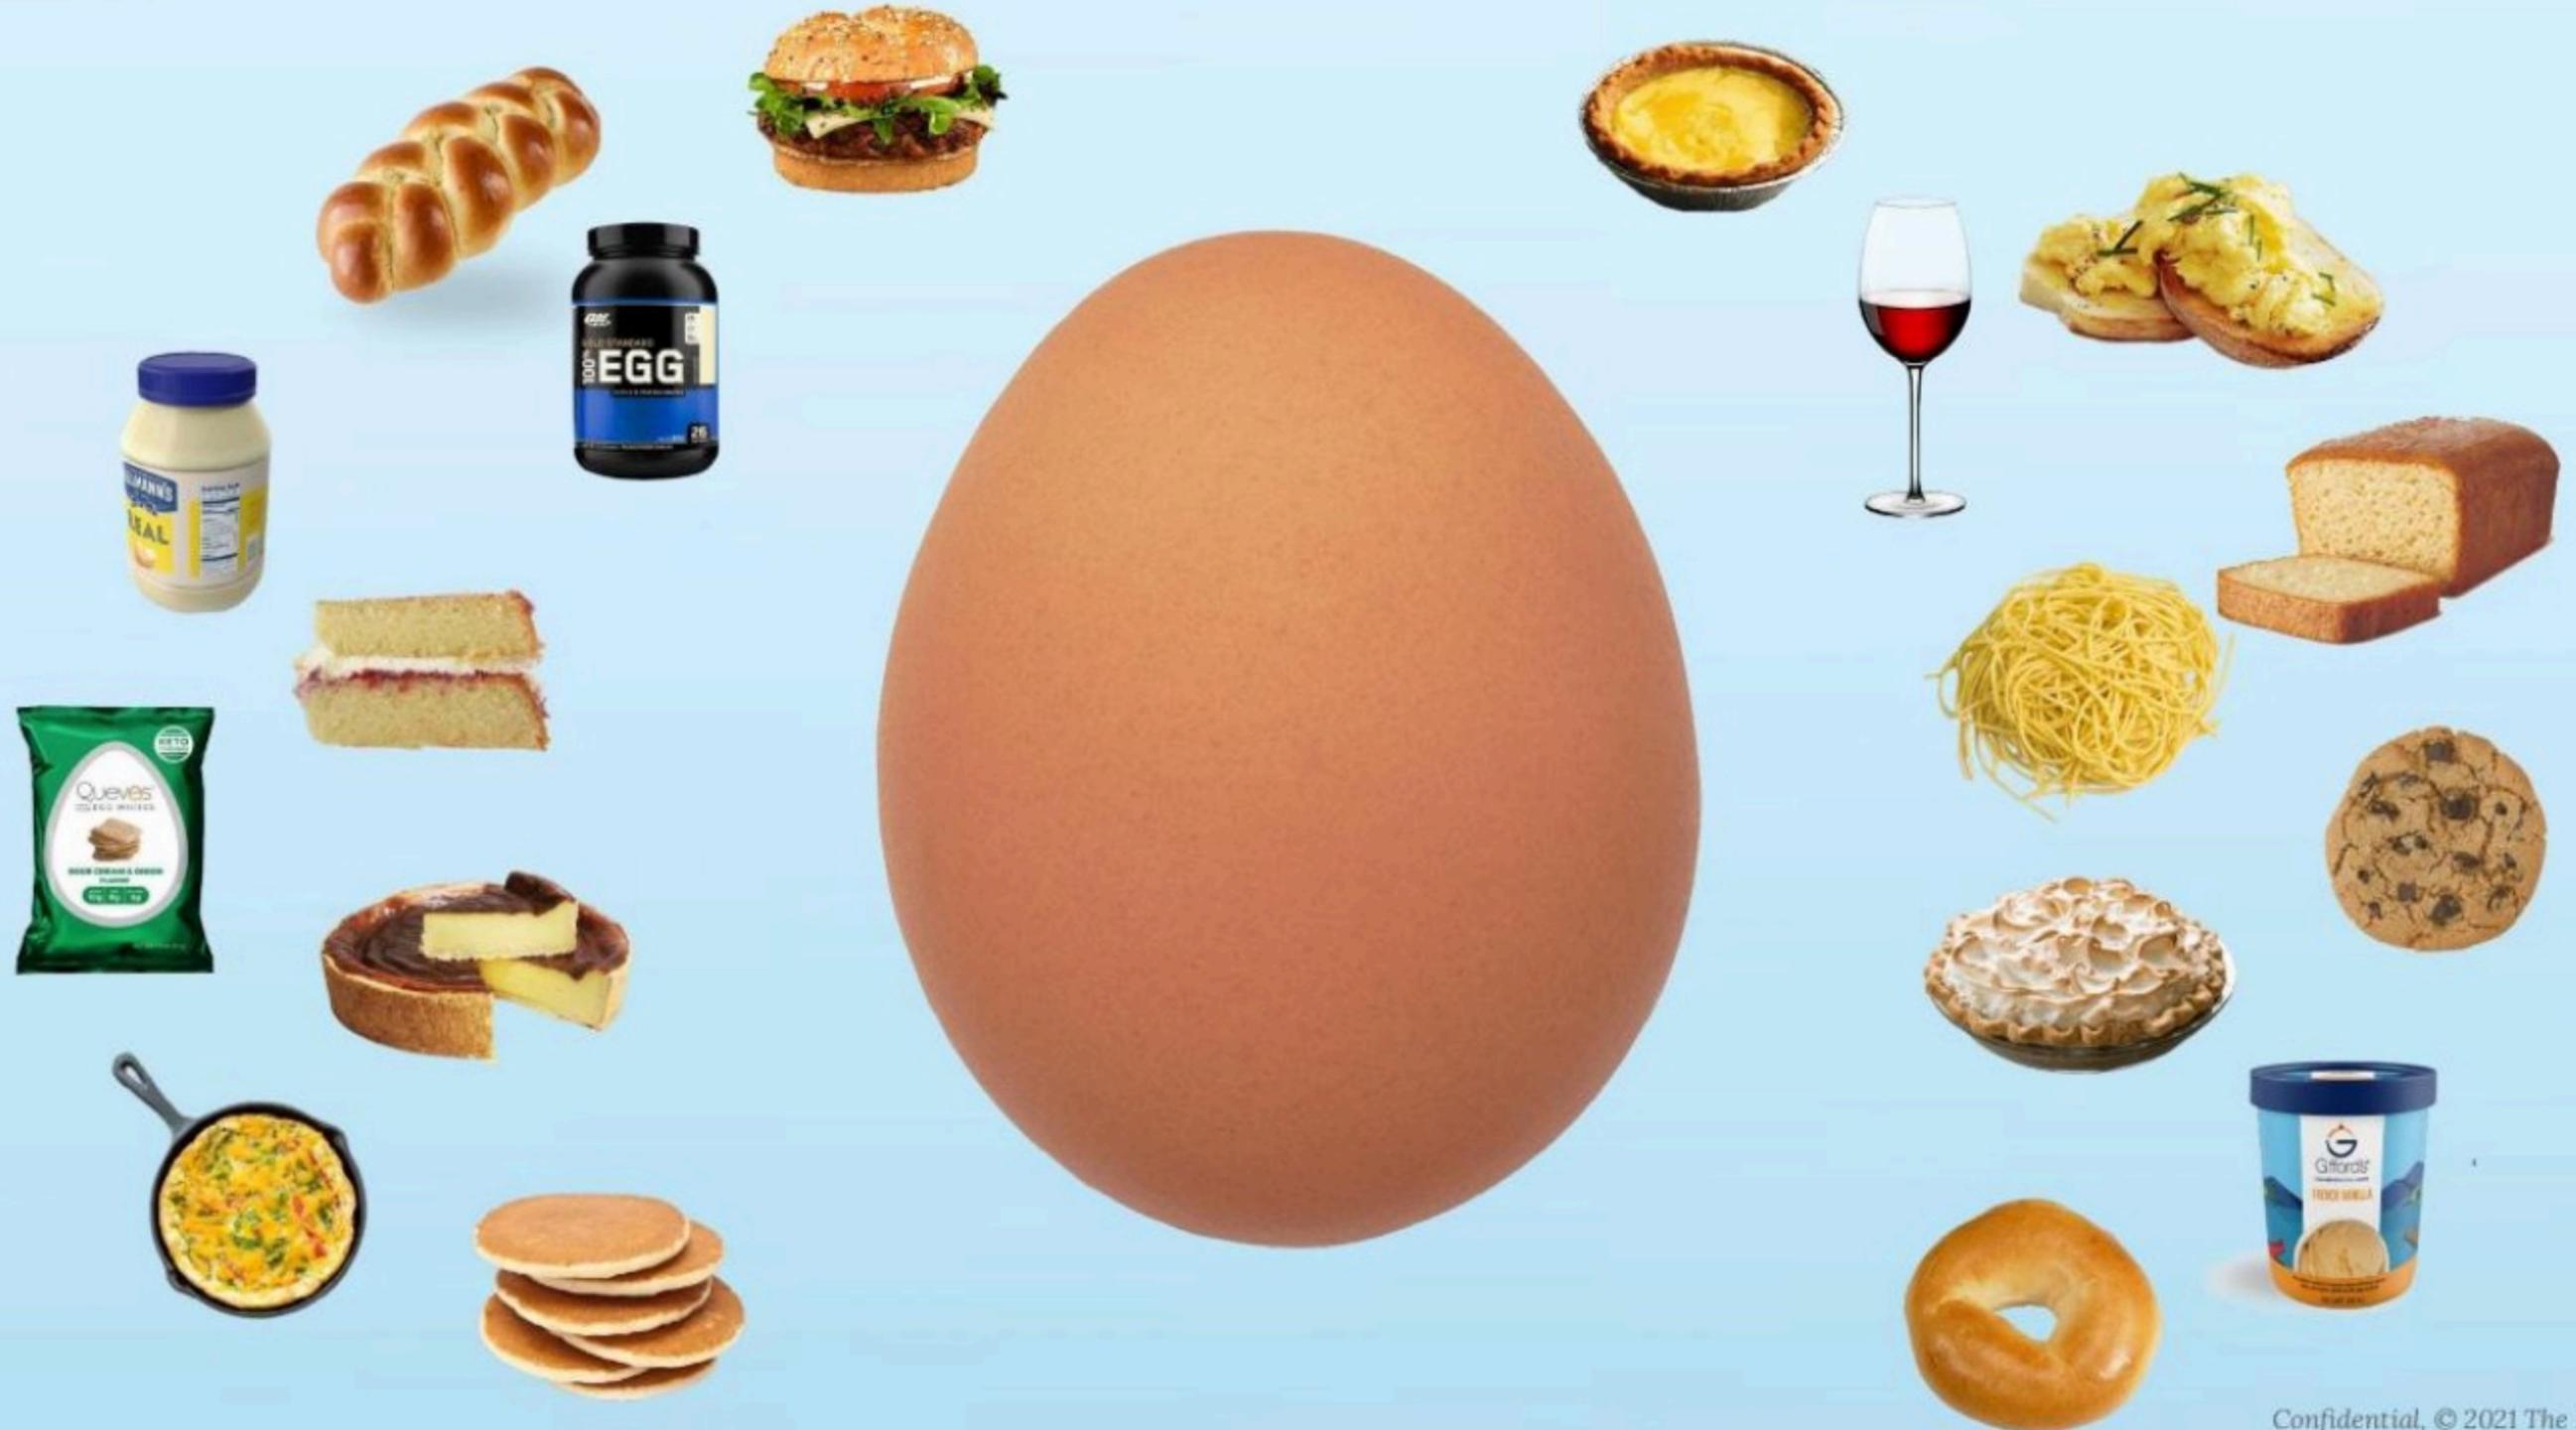

**Undercut mass animal
protein market**

**Lean, partner-
driven model**

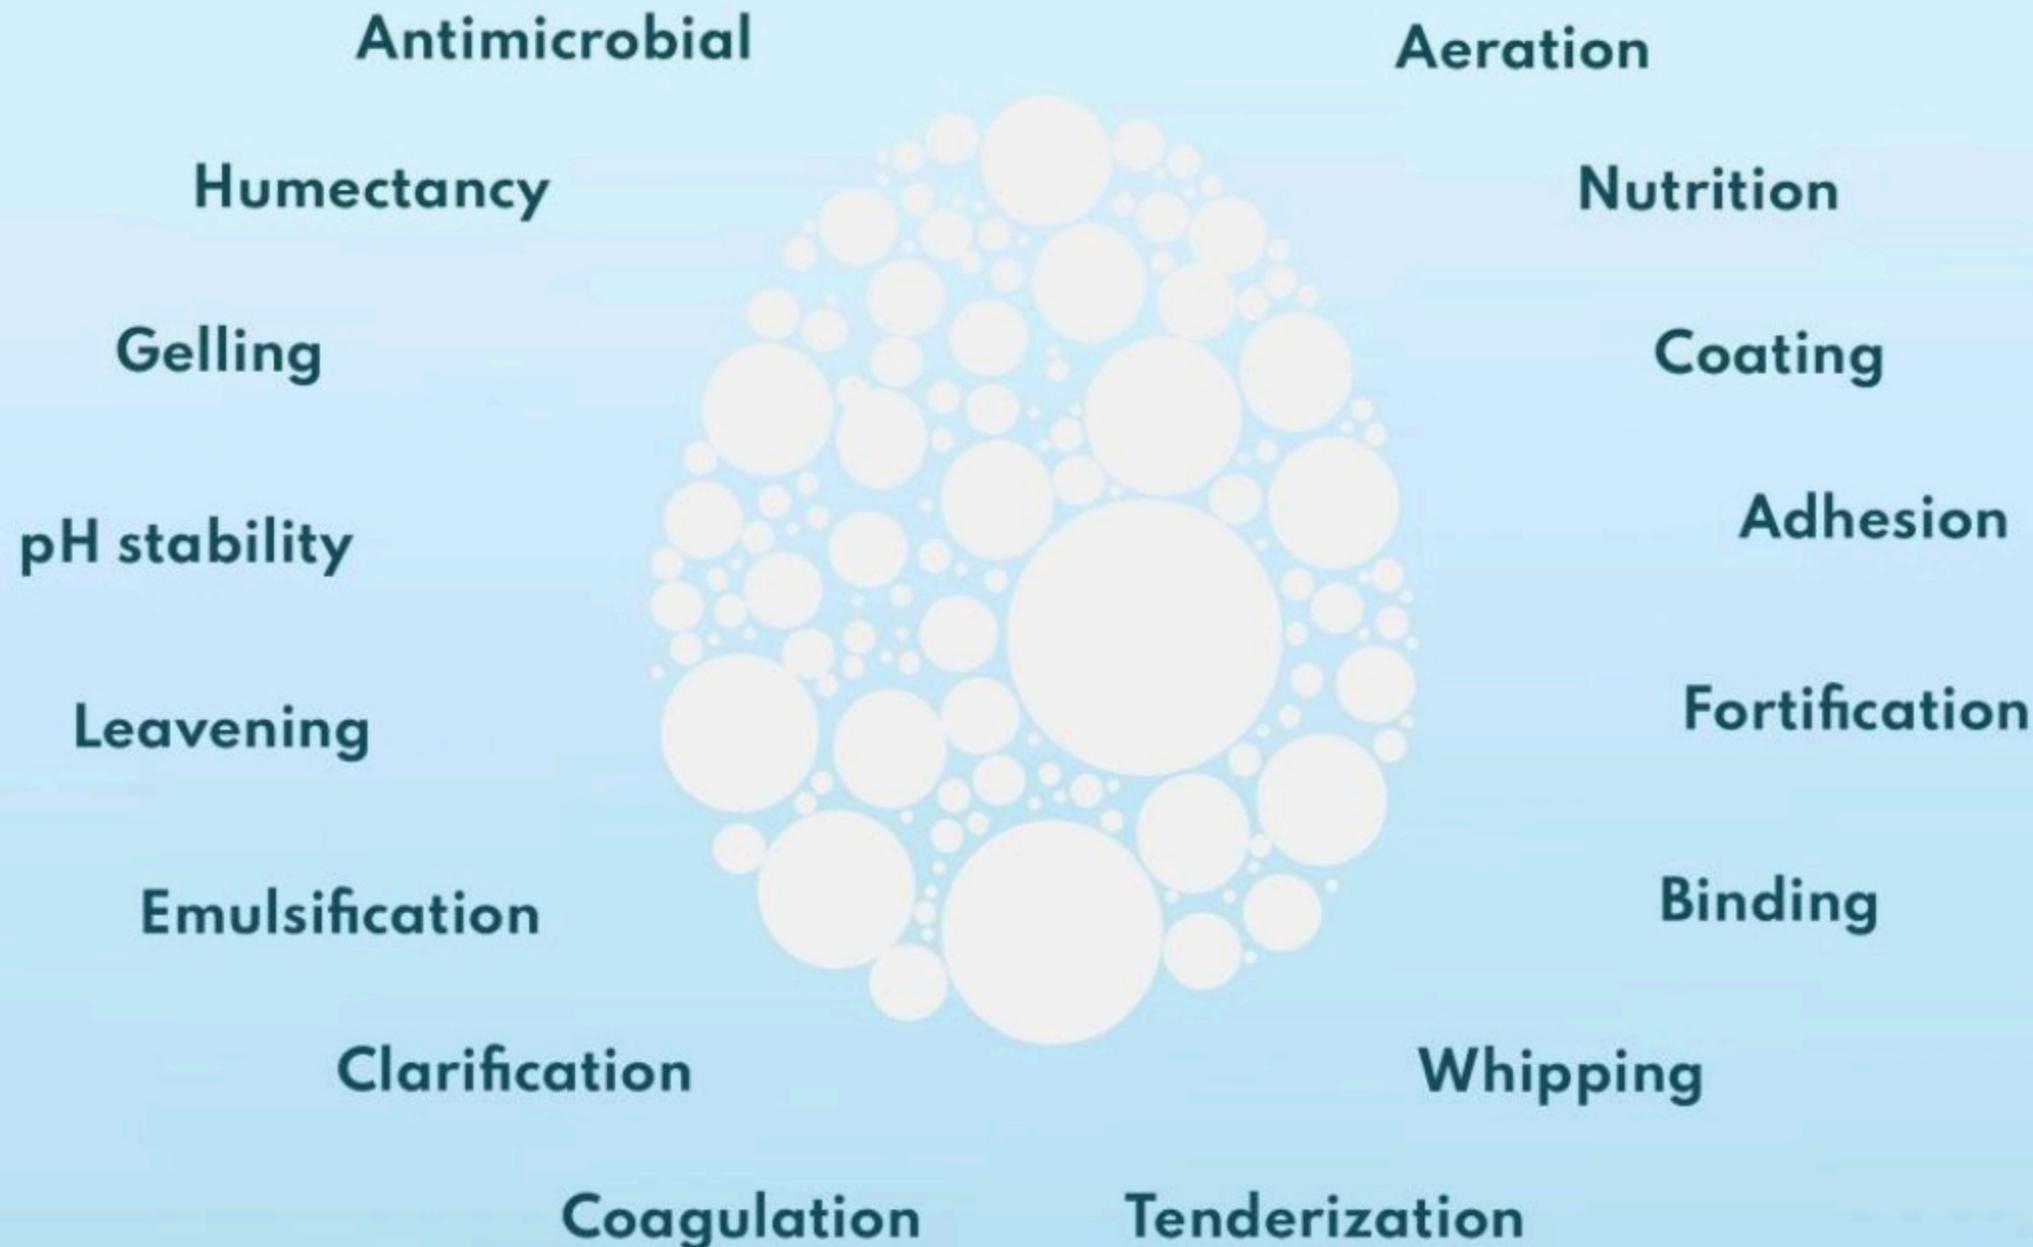

**Focus on core
while reducing
execution risk**

The simple egg is an irreplaceable ingredient for countless mass market products

Why are eggs so hard to replace?

Egg proteins deliver 20+ critical functionalities

EVERY uses precision fermentation to brew **REAL** animal proteins, without the animal

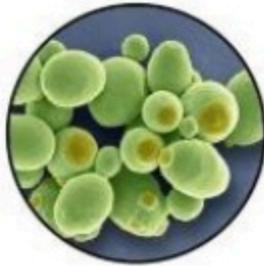

SAME SOURCE

BETTER PATH

SAME PRODUCTS

PRECISION
FERMENTATION

DNA
Blueprint

Yeast

Fermenter

Egg
Proteins

CONVENTIONAL

Chicken

Shelled Egg

World's first animal-free pepsin

VALUE TO EVERY

Selling across **three continents**

Greater **purity** & higher **activity** than animal-derived versions

Certified Kosher, halal, vegan, vegetarian

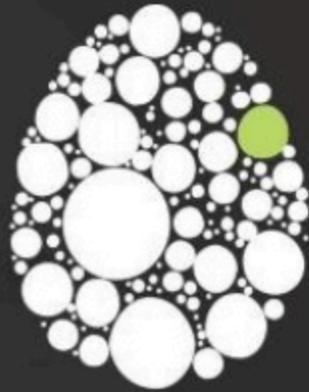

Demonstrate platform scalability from **Pilot** → **Commercial**

World's first animal-free egg protein

UNLOCKING TRACE PROTEINS

Target proteins
infeasible to extract
from nature

< 1% of
the egg

ENHANCED SOLUBILITY

Egg protein that
traditionally costs

\$10,000+

per kg using eggs

Soy

Pea
