The #1 Crypto IRA Software Platform

Addressing Multi-Trillion Dollar Alternatives Market Opportunity

With Simple, Secure, Low-Cost, Tax-Advantaged Solutions*

About iTrustCapital

iTrustCapital is a leading software platform that allows clients to buy and sell cryptocurrencies and precious metals in real-time, 24/7, through their tax-advantaged* individual retirement accounts (IRAs).

Launched in 2019, the company's proprietary platform services tens of thousands of clients seeking to diversify their portfolio from the traditional financial system and take more direct control of their retirement assets.

DISCLOSURE

This document and the material provided herein (the “Document”), current as of the date hereof, have been prepared by iTrustCapital, Inc. and its affiliates (collectively, the “Company”) solely for informational purposes. The Document does not constitute an offer to sell or a solicitation of an offer to buy or sell or a solicitation of an offer to buy or sell any security or to participate in any trading strategy. The transactions set forth herein are in the initial structuring phase and there may be material changes to the structure prior to a participant becoming an investor.

This Document is not intended to be relied upon as the basis for an investment decision and is not and should not be assumed to be complete. In making an investment decision, prospective investors must rely on their own examination of the merits and risks involved. The contents herein are not to be construed as legal, financial, business, or tax advice, and each prospective investor should consult its own attorney, business advisor, and tax advisor in order to make an independent determination of the suitability and legal, financial, business, and tax consequences of any investment. The Company makes no representation or warranty as to the accuracy or completeness of this information and shall not have any liability for any representations (expressed or implied) regarding information contained in, or for any omissions from, this document or any other written or oral communications transmitted to the recipient in the course of its evaluation.

This Document includes certain statements and estimates provided by the Company with respect to the projected future performance of the Company. Such statements, estimates and projections reflect various assumptions by management concerning possible anticipated results, which assumptions may or may not be correct. No representations are made as to the accuracy of such statements, estimates or projections. In addition, this Document may contain statements that are not historical facts, referred to as “forward looking statements” which are subject to uncertainty and contingencies outside the Company’s control. The actual future results of the Company may differ materially from those suggested by such statements.

This Document is intended solely for the recipient hereof. Its content is legally privileged, proprietary and/or confidential. By accessing or accepting possession of any information in this Document, the recipient agrees that it will (i) not copy, reproduce, or distribute this Document, in whole or in part, to any person or party (including any employee of the recipient, other than on a confidential basis and subject to this sentence without the prior written consent of the Company and (ii) keep permanently confidential all information contained herein that is not already public. Additionally, by accessing or accepting possession of any information in this Document, the recipient further agrees that such access or possession is not prohibited or restricted by any applicable laws, regulations or rules in any applicable jurisdiction, and where any restrictions in relation to possession are applicable, the recipient represents, warrants and covenants that it will have observed and complied with all such restrictions at its own expense and without liability to Company.
