

Pento – The Payroll Automation Platform

Series A

THE PROBLEM

Today, companies still outsource payroll like we're stuck in the 90s. It's a **slow, error-prone, and rigid process.**

* Sometimes taken care of by the outsourcing provider

INTRODUCING PENTO

We're changing this. Pento lets you run payroll in real-time, automating the entire process.

The screenshot displays the Pento payroll management interface. On the left is a navigation sidebar with options: Overview, Payments, Payrolls (selected), Pay items, Salaries, Settings, Employees, Departments, Company, Reports, and Integrations. The main content area is titled 'February payroll' and shows a list of 321 employees. The list includes columns for Employee, Hours, Gross Pay, Net Pay, and Change. Arlene McCoy is highlighted, showing 134.40 hours, a gross pay of £8,333.33, and a net pay of £7,745.00, which is a 7% increase. Other employees listed include Floyd Miles, Cody Fisher, Bessie Cooper (Terminating), Jenny Wilson, Cameron Williamson (Tax code update), Kathryn Murphy, and Kristin Watson. On the right, a detailed payroll breakdown for Arlene McCoy is shown, including Base pay (£8,333.33), Sales bonus (+£500.00), Employee NIC (-£488.33), PAYE income tax (-£500.00), Employee pension (-£100.00), and a final Net pay of £7,745.00. The interface also features a 'PAYSリップ' and 'ACTIVITY' tab, a search bar, and various action buttons like 'Reject', 'Approve', and 'Review payroll'.
