**"Eye Paint Animals is one of the most innovative and invigorating apps we've seen to date. It's not called a mobile device for nothing."**

*Teachers With Apps (November 2012)*

**"Curious Hat has taken puzzle technology to the next level."**

*KinderTown (November 2012)*

# WIRED

**"Curious Hat [...] is out there showing how good design can actually facilitate children using mobile devices to engage with the world and others around them."**

*Wired Geek Dad (September 2012)*
