## HELP REPLACE CHRIS'S STOLEN BIKE!

The good news is that Chris and I have already found a replacement bike and he's already been riding it for a while. The bad news is that Chris's bike was stolen and he needs help to replace it.

Chris is a great person and he's a great person to know. He's a great person to know and he's a great person to know. He's a great person to know and he's a great person to know. He's a great person to know and he's a great person to know.

Help Replace Carina's Stolen Bike!

## GIFTSTART STORY

Make it fun! Why should your friends join in on this Giftstarter? Excite them!

Hey guys! Just a couple months ago, some terrible human (or very smart raccoon) stole her bike right from outside her apartment. Poopy! Now that her birthday is here, let's get her a replacement!!

Before, her bike was a classic - steel body that gave it considerable heft, electric blue paint, and bright orange handlebar tape that gave it that true Carina panache. We had great times with the old bike, biking around Portland and riding to local coffee shops to study. It wasn't the most modern, with on-body paddle shifters, but this bike will be a definite upgrade!

So come on, pitch in - and invite anyone you'd like!

## MINIMUM PITCH-IN
