Two tablets are shown on a light-colored wooden surface. The tablet on the left is propped up, while the one on the right is being held by a person's hand. Both screens display the same handwritten text in a cursive font: "let's start Collaborating". The text is written in a light blue or purple ink. At the bottom of each screen, there is a small red square icon and several other smaller icons, suggesting a digital note-taking or collaboration application. The background is a plain wooden surface.

NATHAN SMITH

A man in a grey sweater is standing on a stage, looking at a tablet device. He is addressing a large audience seated in a theater with red curtains in the background. The scene is dimly lit, with a spotlight on the speaker.

Scott Flansburg

A man, Scott Flansburg, is shown in profile on a stage, looking down at a tablet computer he is holding. He is wearing a grey long-sleeved shirt. The background consists of red curtains and a blurred audience of people sitting in rows. The lighting is warm, focused on the man.
