Poor quality Late delivery

The image shows a laptop displaying the Printivo website. The website's main heading is "Business Cards" with the subtext "Great colors, durable cards and standard sizes." Below this is a pink button that says "Make your cards now". A secondary message reads "You upload your design or pick a template to customize. We print and deliver to your doorstep." The page features three card templates: "Professional Professional", "Business Card", and "Envelope". A pink speech bubble in the bottom right corner of the website says "NEED HELP? CHAT WITH US".

Two circular inset photos are overlaid on the laptop screen. The left inset, with a pink border, shows a smiling woman with curly hair wearing a white apron with the "FreshBite" logo. The right inset, with a blue border, shows a smiling man with glasses and a scarf sitting at a desk with a laptop.
