

Opportunity

1. SMEs spend 32% of their marketing budget on content marketing – **£400 billion per year**
2. Freelancing in the creative industry is growing at **25% per year**

Introducing Twine

Twine is the **marketplace** that connects companies to a huge **network** of creative freelancers in **design, music** and **film**

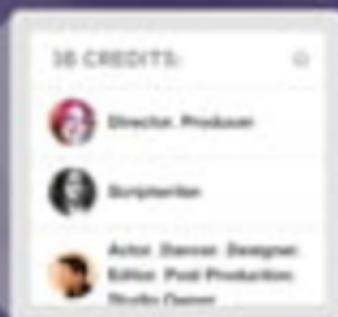

Companies post project briefs for audio-visual content that our community can pitch on

Introducing Twine

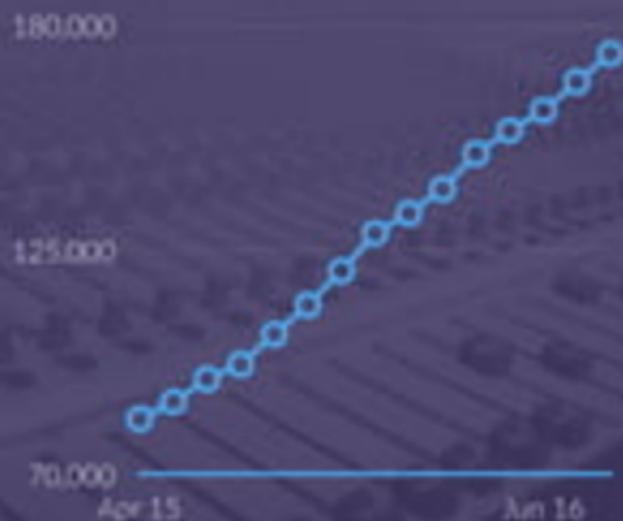

An **audio-visual portfolio** platform makes hiring creatives easier than on other marketplaces

Creatives behind the scenes (producers, vocalists, crew) can be **credited on a project** and build their portfolio

Phase 1

Complete

Grew the supply of the marketplace to **175,000 creatives** registered in 169 countries:

- 30% US
- 10% UK

Phase 2

Started

Currently growing the **demand** side – **SMEs**

£12k of project briefs
added in September

Our existing creatives
fulfilling the demand

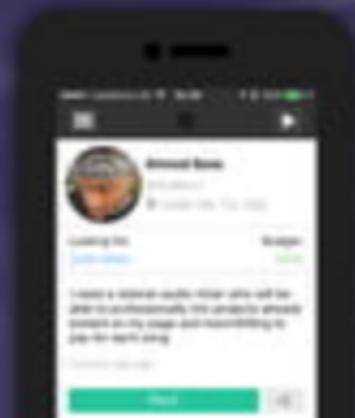

Business Model

Companies post project briefs with a budget

Twine takes a **20% commission** for facilitating the hire and payment process

User-ratings and project milestones create **trust** and reduce platform circumvention

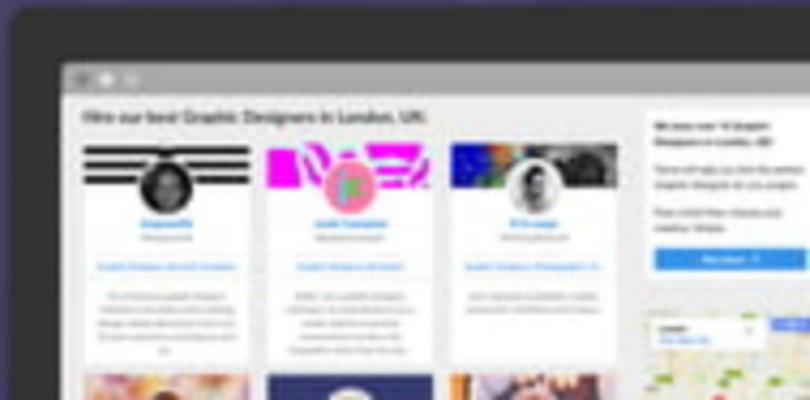

Route to Market

Small companies that need creatives "Google it", with over 2 million searches per month

Targeting start-ups in fashion and tech who need content through search and content marketing

41,000 localised landing pages for organic search

Team

Feedback

"The great thing about Twine is that it allows you to work with creative people all over the world, which gives you a 24 hour momentum, which is amazing"

ENLITE - Multi-platinum award winning music producer

We have a Slack channel dedicated to user feedback. Just ask if you want to see it. They love Twine.

"I think this is going to become one of the best tools in the industry if it isn't already."

Opportunity

1. SMEs spend 32% of their marketing budget on content marketing – **£400 billion per year**
2. Freelancing in the creative industry is growing at **25% per year**

Problem

Content is essential to the success of companies.
They need audio-visual content to engage and
delight their customers

Problem

Creative freelancers struggle to
build a network and **find paid work**
